CERTIFICATION OF A SEXUALLY DANGEROUS PERSON

(1) I, Anthony A. Jimenez, am Chairperson of the Federal Bureau of Prisons (Bureau) Certification Review Panel, Washington, D.C. Pursuant to 28 C.F.R. § 0.97, the Director of the Bureau has delegated to me the authority to certify persons in Bureau custody as sexually dangerous, as authorized by 18 U.S.C. § 4248(a).

(2) Bureau records reflect the following: Inmate Robert Paul Boyd, Register Number 23957-018, is in Bureau custody at the Federal Correctional Institution, Butner, North Carolina, in service of a 188-month term of imprisonment and a five-year term of supervised release, following his conviction for Receipt of Materials Depicting the Sexual Exploitation of Minors, in violation of 18 U.S.C. §§ 2252(a)(2) and 2252(b)(1) (N.D. Ohio) (Case No. 1:99CR336). His projected release date is May 12, 2008.

(3) Based on a review of his Bureau records, I certify he is a sexually dangerous person as defined by 18 U.S.C. § 4247(a)(5), and sexually dangerous to others as defined by 18 U.S.C. § 4247(a)(6). My certification is based on information found in Bureau records which includes, but is not limited to, the following:

(a) He previously engaged or attempted to engage in sexually violent conduct or child molestation as evidenced by his prior convictions for: Three counts of Lewd and Lascivious Act Upon a Child, in the Sixteenth Judicial Circuit Court, Monroe County, Florida (Case No. 88-1398-CF), for conduct with three boys under sixteen years of age that included exposing his penis and masturbating in front of one boy, placing his penis in the mouth of a second boy, and placing his penis in the anus of a third boy; Sexual Assault, in the 284th District Court of Montgomery County, Texas (Case No. 17033-A), for conduct that included forcing a 19-year-old inmate to perform oral sodomy; and Aggravated Sexual Abuse in the 221st District Court of Montgomery County, Texas (Case No. 16921), for conduct that included forcing his girlfriend's 13-year-old son to participate in acts of oral sodomy and forcing the son's 13-year old male friend to allow the inmate to masturbate him and perform acts of oral sodomy;

(b) A limited psychological review indicated an Axis I diagnosis of Pedophilia, Sexually Attracted to Males;

(c) An initial assessment of him using two actuarial risk assessment instruments (Static-99 and Rapid Risk Assessment for Sexual Offense Recidivism (RRASOR)) was conducted. These results, in addition to his current and prior offense conduct, and a history of revocation or failure to meet the stipulations of conditional release, indicate he will have serious difficulty refraining from sexually violent conduct or child molestation if released.

Pursuant to 28 U.S.C. § 1746, I declare under penalty of perjury that the foregoing is true and correct to the best of my knowledge, information, and belief.

Anthony A. Jimenez
